

Traffic Management Plan

Jan 2018

A Dynamic School providing Holistic Education

- Nurturing Broadricians to be Future-ready Learners
With Strength of Character -

Vehicular Access Control

- Parents are allowed to drop their child / children off at the foyer area.
- However, the vehicle must display a valid car label, which is the visual identification means for all vehicles that are in the school compound (both transit and parked).
- Vehicles without label would not be allowed in the school compound.

A Dynamic School providing Holistic Education

- Nurturing Broadricians to be Future-ready Learners
With Strength of Character -

Vehicular Access Control

- During the morning and after-school peak hours, the vehicular side gate will be opened.
- All vehicles will adopt one-way circuit, guided by the Security Officers. See Diagram 1.

- Nurturing Broadricians to be Future-ready Learners
With Strength of Character -

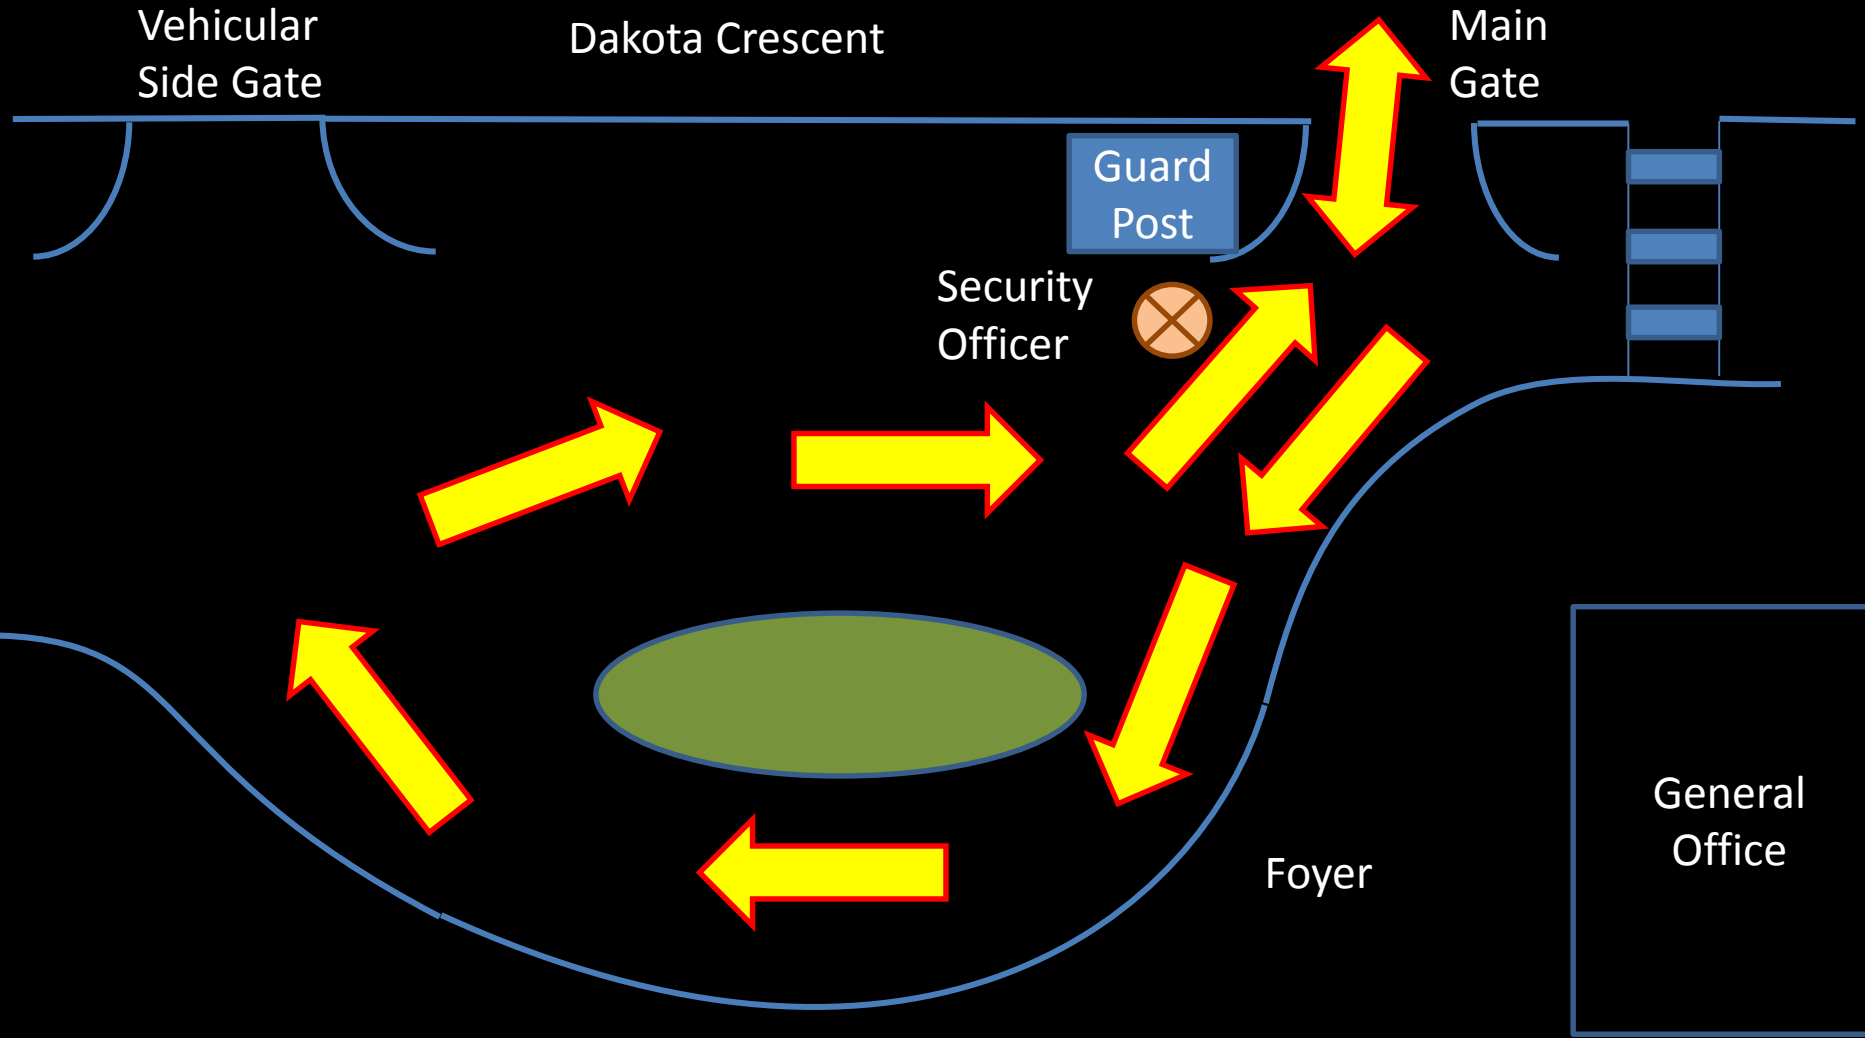

Diagram 1 – Peak Period Traffic Flow

Vehicular Access Control

- During non-peak period, the vehicular side gate would be closed and all vehicular access would be via the main gate.
- The Security Officers would regulate traffic flow at the main gate, as only one vehicle would be allowed at any one time, whether entry or exit. See Diagram 2.

Diagram 2 – Non-peak Period Traffic Flow

Vehicular Access Control

- Vehicles with label picking up passenger
 - Foyer area for pick and go only, strictly no waiting
 - Park at proper lots and switch off engine while waiting

- Nurturing Broadricians to be Future-ready Learners
With Strength of Character -

Vehicular Access Control

- During curriculum hours, all delivery trucks would not be allowed in the school, as the road within the school is part of the running route.
- They will stop outside and carry the items into the school.
- Movement of cars may be allowed if there are no students running and the Security Officers would guide drivers.
